

LUMINOUS

Nothing is brighter under water
Maytronics - The Art of Pool Cleaning Technology

www.maytronics.com

LUMINOUS

Recommended for private pools up to 12 m. (40 ft.) in length.

Dolphin Luminous is the remote-controlled robot projecting new light in private pool cleaning technology.

Dolphin Luminous is a smart, easy-to-use remote-controlled robot. It is also the world's first robot with headlights, designed for identifying its location and mode of operation. Dolphin Luminous incorporates smart design with advanced software, which together, deliver ultimate results of a crystal clear healthy pool.

Dolphin Luminous offers total control with a wireless remote control that provides automatic and manual control with adjustable unique cleaning programs. Dolphin Luminous is literally the brightest Dolphin in the Maytronics family.

Dolphin Luminous Advantages:

- Possesses a one-of-a-kind removable top lid for easy access to the filter bag.
- Patented swivel prevents cable tangling.
- Clogged filter bag indicator ensures ongoing cleaning efficiency.
- Wireless remote control offers a choice of automatic or manual (joystick) command.
- The remote control unit provides a wide range of cleaning programs and parameters: pool length, cycle time, wall climbing frequency and regular or ultra clean.
- State-of-the-art most advanced self-learning scanning program optimizing pool coverage in just 1.5 hours.
- Scrubs, brushes, vacuums and filters - prevents accumulation of algae and germs.
